

ST. MARY'S ICSE SCHOOL

KOPARKHAIRANE, NAVI MUMBAI

On 11th of August, our school had arranged a one day monsoon trek to Bhimashankar for students of classes VIII to XII. Children accompanied by teachers and tour guides reached 'Khandas' which was the base point from where the trek began. It was a fun-filled experience on part of the students as well as the teachers to test one's stamina and endurance levels. One could also understand the fragility of mountain ecology and existence of flora and fauna at high altitude.
