

ST. MARY'S ICSE SCHOOL

KOPARKHAIRANE, NAVI MUMBAI

Ambition is the first step to success. The second step is action.

Students of St Mary's ICSE Koparkhairane never miss a chance to win accolades for their school in inter school events. On 18th November 2017, the students from the middle school participated in the **SAEVUS ECO-ACHIEVERS QUIZ 2017-2018**. This was organised by **The Rotary Club of Bombay Seacoast along with SAEVUS**. SAEVUS, is India's premier wildlife magazine that covers stories on conservation, natural history, wildlife and photography, from around the world.

The quiz team comprised of Persheus Vasania of Class VII, Aditi of class VI and, Anushka Shivanand from Class V. Around 25 schools participated in the event. There were three rounds of elimination and the top six teams made to the final. Our students made us proud by being the second runner up team. They were awarded with a trophy, certificates and VIP Sky bags as prizes.

Heartiest congratulations to the quizzers and their mentors Mrs Arina Guha & Mrs Rupali Mahajan.
